AEG

# 7000 SensiDry® Heat Pump 8kg Tumble Dryer

## TR718L4B

**GENTLE DRYING AT HALF THE TEMPERATURE. NO COMPROMISE ON RESULTS**
The 7000 SensiDry® Tumble Dryer uses heat pump technology. It dries clothes evenly, at low temperatures, without extending the drying time. Gentle drying ensures items are never subjected to unnecessary heat, so your clothes last longer.

---

## Product Benefits & Features

**MIXDRY. NO SORTING. NO EFFORT. DRY COTTONS WITH SYNTHETICS**
MixDry effortlessly and thoroughly gets synthetic and cotton garments evenly dried without overdrying or underdrying. No sorting needed. The heat-pump technology ensures items get the exact amount of heat, keeping energy consumption low.

**PROSENSE+ SAVES TIME AND ENERGY. PROTECTS YOUR CLOTHES**
The advanced humidity sensors of ProSense+ help save time and energy. They proportionally adjust the time and energy usage based on the load size. Providing the right care to every load, so clothes look and feel their best for longer.

**THE CONVENIENT TO CLEAN AND ENERGY EFFICIENT, ECOFLOW FILTER**
The EcoFlow Filter is an efficient single filter that can be conveniently cleaned. It helps save energy by maintaining stable energy consumption for the lifetime of the product.

**ANTICREASE EVENLY DRIES YOUR CLOTHES, HELPING TO REDUCE WRINKLES**
The Anticrease technology of our tumble dryer allows the drum to rotate in two directions, which helps clothes dry more evenly, and reduces creases and wrinkles.

**THE FULL REVERSIBLE DOOR OFFERS FOUR PRACTICAL HANDLE OPTIONS**
The Full Reversible Door lets you choose between four different door handle placement options. So, whether you stack your appliances on top of each other, or place them side by side, you can open the door in the direction that is best for you.

- Fewer loads and less hassle, saving upto 50% in energy used.
- Heat pump condenser dryer
- ProTex soft drum
- Delay start option
- Sensor dryer
- Time controlled drying
- Bed linen programme
- Cotton programmes
- Synthetics programmes
