PAYlift - SP1 Top Mount VESA Adapter for MG Plates - 02

ACA307-02

Our Accessibility Arm is ideal for environments where access is difficult or wheelchair use is required. The Accessibility Arm for payment terminals reduces and improves height and reach distance for disabled customers and as well as offering easy operator adjustment when customers need assistance. It also provides privacy for PIN entry and contactless payments for those in wheelchairs

Designed for environments where accessibility is essential, especially for wheelchair users
Offers easy height adjustment to improve reach for disabled customers and ensures operator convenience
Compatible with MultiGrip™ plates for seamless integration with the SpacePole range
Features tilting (10°–70°) and 90° rotation for flexible positioning and optimal usability
5-year warranty
