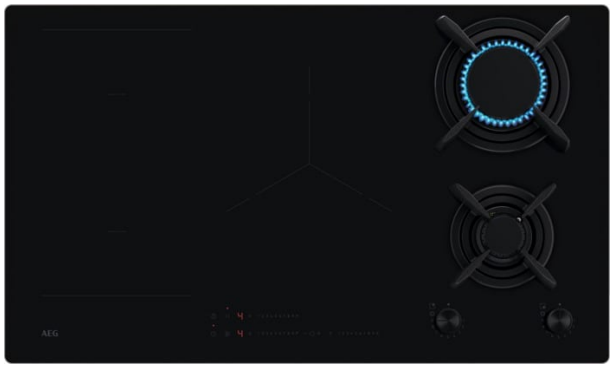
AEG

8000 Mixed Dual Fuel Hob 90cm

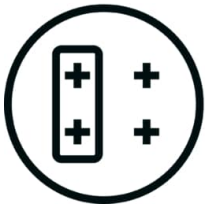
HDB95623NB



Gas and induction cooking options right at your fingertips
There’s no need to choose between gas and induction heating anymore! This hob gives you the benefits of both, with gas as well as induction cooking zones.

Product Benefits & Features

The optimal heat source for everything you cook
Cook like a pro with AEG induction+gas hob. Having both an induction coking zone and gas burners means you can choose the optimal heat source for the food you are cooking – and keep using all of your favorite pans.



Combine 2 cooking zones with Bridge
The Bridge function combines two cooking zones together to fit any large or long pan. Sharing the same temperature and time setting, the linked zones are ideal when you're cooking for dinner parties or bigger celebrations.

Flame with StepPower. For precise heat
StepPower allows you to control the heat on your hob precisely. And produce consistently delicious dishes. The heat can be set at levels from 1 to 9, offering reliable results in the kitchen every time.

SAVE UP TO 20% ON GAS WITH THE VERTICAL FLAME BURNER
Our efficient Vertical Flame gas hob gives you up to 20% energy savings, whether you are boiling water for pasta or searing food in a wok. And just put the burner in the dishwasher for equally efficient clean-up.

Cast-iron pan supports are designed for easy clean-up
Individual cast iron pan support are designed in separate pieces making them very easy to handle and clean. Pots remain stable at all times.
