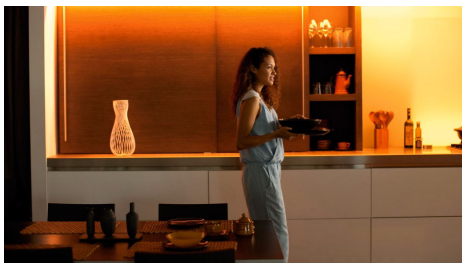
- Unlock the full suite of smart lighting features with the Bridge

Issue date: 2026-10-28 Version: 0.390

Highlights

Bright light output

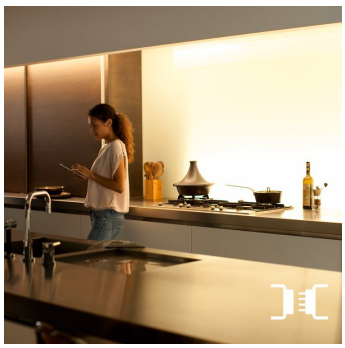


With light coverage over its total length and a high output of 1,600 lumen, Philips Hue strip lights provide enough light to be used both as a decorative and functional light source.

Requires a Bluetooth-compatible Lightstrip Plus

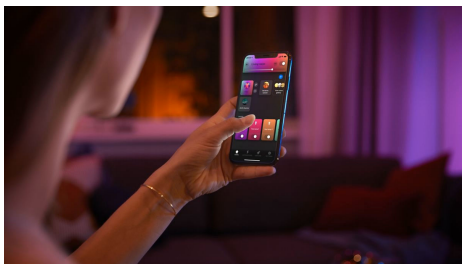
This product can only be used to extend the Bluetooth-compatible version of the Philips Hue Lightstrip Plus. Look for the Bluetooth logo on the packaging to confirm that you have a Bluetooth-compatible Lightstrip base pack.

Extendible up to 10 metres



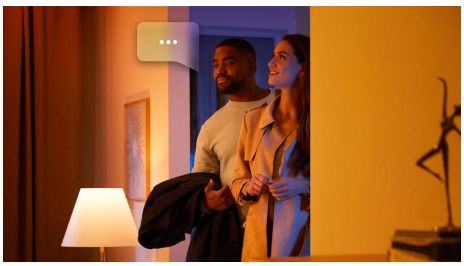
Extend your Philips Hue Lightstrip Plus up to 10 metres by adding 1-metre extensions* to cover larger surfaces and enable wider applications. From bright cove lighting to ambient navigation light in your hallway or stairs, anything is possible. Philips Hue lightstrip plus gives you full colour consistency from the first to the last extension.*Can only be extended with the Bluetooth-compatible version.

Control up to 10 lights with the Bluetooth app



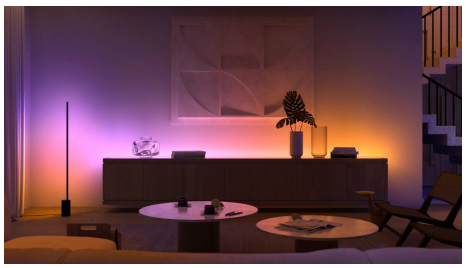
With the Hue Bluetooth app, you can control your Hue smart lights in a single room of your home.Add up to 10 smart lights and control them all with just the touch of a button on your mobile device.

Control lights with your voice*



Philips Hue works with Amazon Alexa and the Google Assistant when paired with a compatible Google Nest or Amazon Echo device. Simple voice commands allow you to control multiple lights in a room, or just a single lamp.

Create a personalised experience with colourful smart light



Transform your home with over 16 million colours, instantly creating the right atmosphere for any event. With the touch of a button, you can set a festive mood for a party, turn your living room into a movie theatre, enhance your home decor with colour accents, and much more.

Set the right mood with warm to cool white light

These bulbs and light fixtures offer different shades of warm to cool white light. With complete dimmability from bright to low nightlights, you can tune your lights to the perfect shade and brightness of light for your daily needs.

Unlock the full suite of smart lighting features with the Bridge

The Bridge unlocks the features that make smart lighting truly smart – away-from-home control, voice control, automated lighting and much more. Add a Bridge to your setup to create immersive experiences, tap into technology that's secure and reliable, and more. The Bridge is the key to smart lighting like you've never seen before.
