# Epson **TM-H6000VI-132,SrI,MICR,EP,Blk,EU**

DATASHEET / BROCHURE

Offering receipt printing, slip printing and cheque processing in one, this integrated POS printer comes with a range of features and low TCO.

This TM-H6000VI is capable of receipt printing, slip printing and cheque processing in one unit. It's reliable, provides useful connectivity features and offers a very low total cost of ownership. It's ideal for businesses requiring cheque-processing facilities at point of sale, and print receipts with the same unit.The TM-H6000VI is cloud enabled, ready for the new world of Epson.

**More productivity**
Ideal for busy environments, the TM-H6000VI offers a selection of features that help businesses boost overall efficiency. It prints at speeds up to 500mm/s[1], offers fast cheque processing and a swift auto-cutter.

**Reliable and efficient**
In fast paced environments, it's essential to minimise downtime. The TM-H6000VI is a dependable solution with the thermal printer now effective for 200km of receipts, while its auto-cutter is capable of three million cuts.

**Range of connectivity features**
The TM-H6000VI is designed to handle all types of POS solutions with ease. It's flexible enough to adapt to the demands of modern retail environments including Server Direct Print (SDP) to print and display data from external servers, as well as multiple interfaces for tablet and PC coexistence. The TM-H6000VI is now cloud enabled, ready for Epson's next phase of innovation.

**Stay tuned with the trends in the POS Market**
Looking for a future-proof printer that's simple and quick to set-up? ePOS-Print, ePOS-display and NFC tagging make it possible to incorporate new functionalities at the Point of Sale and allow quick tablet POS set-up.
