Product Benefits & Features

Enhance your cooking experience and results with CookSmart Touch+
CookSmart Touch+ is an interface that enhances your cooking experience, guiding you to perfect results while helping save energy. Your favourite dishes and methods can be saved on the app and sent to the oven at the touch of a button.

Next-level recipe results. With AI
Remove any guesswork and enjoy your oven's full capabilities with AI TasteAssist. Simply send a web recipe to your oven via our app and let AI optimise the time, temperature and functions, bringing out the best in every dish.

AI TasteAssist is an AEG app feature that can import recipes in Italian, French, German, English, Swedish and Dutch. Languages to be added throughout 2025 are Polish, Czech, Hungarian, Romanian, Norwegian and Danish. The AEG is available in the App Store and Play Store.

Functions and Dishes. Automatic settings and step-by-step guidance
Assisted cooking Functions provide the best settings and automatic options such as Roast, Reheat and Dough Prove for outstanding results. And the Assisted Dishes function offers step-by-step guidance for meat, baking, cooking plant-based dishes, fish or vegetables.

Food Sensor – for precise temperature control
The Food Sensor allows you to precisely monitor your cooking for perfect results regardless of the recipe. The oven will let you know when your food has reached the right temperature.

Pyrolytic Cleaning. The self-cleaning function
Using high temperature, the Pyrolytic Cleaning function turns grease and food residue into ash – so you can easily wipe it off with a damp cloth.

- Pyrolytic cleaning: This self cleaning function turns dirt into ash, which can then be effortlessly wiped away with a damp cloth.
- Connectivity: Control your oven via your smartphone or tablet.
- Our award winning 8-inch display screen with intuitive touch control for easy use.
- Food probe
- SoftMotion™ for a smooth, silent action when closing the door.
- Cooling fan
- Residual heat cooking uses the leftover heat in the oven to finish the cooking process, helping to reduce energy consumption.
- Fan controlled defrosting
- LED digital display
- Isofront® Plus quadruple glazed door
- FloodLight™
- Child lock
