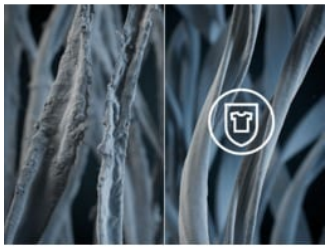
8000 PowerCare UniversalDose 10 kg Washing Machine

LFSR84146UD



Superior washing – in less than 1 hour. at only 30°c. gentle care for clothes
The 8000 PowerCare Washing Machine uses a unique technique to quickly premix detergent & fabric conditioner, activating completely before it even enters the drum. PowerCare ensures that the detergents and softeners get distributed evenly on your clothes to clean and care for every fibre for remarkably clean laundry results

Product Benefits & Features

POWERCLEAN 59 MIN. COMPLETE STAIN REMOVAL, EVEN IN LOW TEMPERATURES*
PowerClean 59 min provides complete stain removal in under one hour at 30°C.* It ensures detergent reaches every fibre — so that a short cycle is as effective as a long cycle, ensuring stains are completely removed.

*External test of PowerClean 59 min 30°C programme with 5 kg load shows 100 % stain removal of 59 most common household stains.

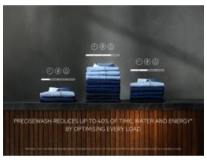
The UniversalDose drawer activates pods® 60% faster – giving extra power to quick and
UniversalDose is a unique drawer designed for PODS® capsules that uses tailored waterjets to soften, pierce and fully dissolve PODS® in the drawer, activating them 60% faster, compared to when placed in the drum. This gives extra power to stain removal in cold and quick 1-hour

*Internal test using a cotton 30°C one-hour programme, comparing PODS® in the UniversalDose drawer vs. PODS® in the drum

The next level of appliance interaction with AEG Connected
Use the AEG app to personalise settings and get smart tips and suggestions. Customise laundry cycles and send instructions to your appliance to adapt it to your needs and habits. Smart and easy care via your smart phone.

GARMENTS REFRESHED,* WRINKLES REDUCED WITH STEAM REFRESH
Steam Refresh neutralises odours* and reduces wrinkles on garments, including delicates, in just 25 minutes. And if you like an extra boost of freshness, just add our aromatic steam fragrance. Giving it that just washed freshness.

*External test show neutralisation of cigarette smoke odour in a Steam Refresh cycle.



Precisewash reduces up to 40% of time, water and energy* by optimising every load
ProSense+ automatically adapts the energy usage and settings depending on the weight of the laundry load. So, you get customised laundry cycles that reduce energy, time and water usage by up to 40% when washing smaller loads.*

*Internal test for time, water and energy consumption of a 30°C Cotton cycle optimized with PreciseWash for 1kg vs maximum load.

- Display
- 10 kg wash capacity
- 1400 spin speed RPM
- Programmes include:
- Wool plus: The only wool programme in the market with a cool down at the end of the wash phase preventing chill-shock when the cold rinse begins, ensuring minimised shrinkage.
- Delicates: Gently washes the most delicate of fabrics.
- Cottons Programmes
- Synthetics programmes
- Options include:
- Anti-Stain: Use this option to tackle tough stains. Add stain remover to the marked compartment, it will be added at a specific stage of the wash. Only works at 40°C or higher.
