ViewMate-i Trolley Frame

The ViewMate Combo Trolley frame is made of sturdy steel and forms the basis of all ViewMate Combo Trolley solutions. Because this trolley has big lockable castors, doorways won't present a threshold. All other parts within the ViewMate Combo product range can be mounted on this frame.

- Big lockable castor wheels (75mm diameter) make the trolley easy to manoeuvre around
- Max. weight capacity of 50kg
- Trolley dimensions (wxdxh): 636 x 600 x 1665mm
