Highlights

Superb sound performance

Offers the best acoustics to have good, clear sound quality

Rotary microphone boom

This free moving boom on the headset helps you optimally position the microphone for clear voice pick-up during net meetings.

Noise-cancelling mic

Uni-dimensional mic design to eliminate unnecessary background noise and ensure clear voice transmission.

Adjustable Comfort level

No matter how you like to 'feel' your headphones, this unique headband construction will always provide you with a personalised, comfortable fit. With height adjustment, you can comfortably wear the headphone for a much longer period.

Pivoting ear shells

A perfect fit between the ear shells and your ears prevents sound leakage and enhances the listening experience. The ear shells move up and down as well as left and right for a perfect fit and optimum comfort.
