4250 • 4250n • 4250tn • 4250dtn • 4250dtnsl

This versatile, ultra-dependable black-and-white laser printer delivers workgroup performance.

Optimize your potential

- **Rely on robust performance for the whole workgroup.** With print speeds of up to 45 pages per minute (ppm), workgroups can print consistently high-quality documents and get their work done quickly.
- **Get immediate results.** Instant-on Technology lets you start printing with almost no wait time, so you can focus on the business at hand instead of waiting for your job to complete.
- **Enhance your potential with paper-handling flexibility.** Increase your maximum input capacity to 3,100-sheets with optional 500-sheet input trays and the optional 1,500-sheet high-capacity input (HCI) tray. The printer's versatile design accommodates HP everyday and specialty papers, supports automatic two-sided printing, and lets you expand output and finishing capabilities with a stacker or stapler/stacker accessory.¹

Workgroup performance

- **Share the printer and increase workgroup efficiency.** With an HP Jetdirect Fast Ethernet embedded print server built into the printer formatter board, two EIO slots remain available to expand your printer's capabilities.¹
- **Connect instantly with reliable Hi-Speed USB 2.0.** Deliver even the most complex documents with speed and accuracy. For maximum flexibility, the printer also features an IEEE 1284-B parallel port.
- **Add functionality with Compact Flash support.** Use the two available Compact Flash slots to enable third-party solutions and take advantage of the convenience and value of more font choices, intelligent e-forms, secure printing, barcode printing, SAP/ERP solutions, and job accounting solutions.

Effortless printing

- **Depend on worry-free printing and increase uptime.** With a 460 MHz processor and from 48 to 80 MB of memory, complex print jobs are not a problem, and you experience a quick return to the application. Expandable up to 512 MB, you can add memory as your business grows.
- **Manage your printer remotely.** The HP Embedded Web Server enables one-to-one printer management and provides an easy way for you to interact with your printer. Use HP Web Jetadmin to help you manage fleets of network peripherals and save time and money with automatic configuration and proactive notification of device events.
- **Simplify troubleshooting and configuration.** The control panel features up to four lines of text with helpful animated graphics, so you can easily determine printer and job status and correct problems that arise.
- **Enjoy legendary HP reliability.** The HP LaserJet 4250 series printer and its supplies are built with HP's renowned dependability to stand up to the demands of your office environment.
- **Count on HP Smart printing technology.**² The printer and HP supplies include innovative HP Smart printing technology, which makes automatic adjustments to optimize print quality and enhance reliability. And HP's advanced toner provides highly accurate placement and control to ensure professional-quality documents every time you print.

HP printing and imaging systems help you create powerful, professional communications easily. HP printers, supplies, accessories, and services are designed to work together and are invented to meet your business needs.

HP LaserJet Smart printing quality³

The legendary quality and reliability of HP is built into HP LaserJet Smart print cartridges, delivering professional print quality and excellent value to your business. Reliable performance means less user intervention and more productivity. HP Smart printing technology³ in the print cartridge and the printer ensures consistent, outstanding print quality, enhances reliability, and makes the system easy to use, manage, and maintain, providing automatic alerts when the cartridge is low or out and offering convenient, online ordering with HP SureSupply.

Setting the laser printing standard

When you think of fast, reliable laser printing for your business, the HP LaserJet 4250 series printer is the benchmark that sets the standard for the printing industry.

Capitalizing on our legendary imaging heritage, these workgroup printers offer reliable printing, excellent print speeds, advanced networking features, and brilliant print quality to allow your office to work at peak efficiency. For best-in-class quality, reliability, and performance, HP is the only choice.

Award-winning HP support

HP provides a variety of support options to assist you in the setup and maintenance of the HP LaserJet 4250 series printer. HP's expert knowledge can help you make the most of your printer and ensure your equipment is running at peak efficiency. Start with a one-year, return-to-HP limited warranty, backed by free telephone support from the award-winning HP Customer Care. To further guarantee trouble-free operation and maximize your printer's potential, consider upgrading with service and support options such as installation, network installation, advanced maintenance, and post-warranty support.

Simple, Web-based management

HP Web Jetadmin peripheral management software is a simple Web-based management tool for remotely installing, configuring, and managing your printers using only a standard Web browser. With no client software needed, administrators can configure devices, conduct remote diagnostics, download firmware, and organize devices into groups from anywhere on the network. The software offers Jetdirect security with batch configuration and management options, as well as instant e-mail notification of printer issues and access to HP Instant Support Professional Edition.

With sophisticated discovery and management functions, HP Web Jetadmin gives you the information you need to deploy the HP LaserJet 4250 series printers in the best location for optimal access, increasing productivity and reducing operating costs.
