

HP LaserJet Smart Print Cartridges for the HP LaserJet 2410/20/30 printer series

Consistently outstanding print quality

- HP's advanced toner formulation provides extra sharp black text and smooth greyscales. HP Smart Printing Technology* allows automatic adjustments ensuring consistent toner particle distribution throughout the life of the cartridge for best results.

Reliability saves time and increases productivity

- Reliable performance: Precise matching of HP Print Cartridge design, toner and printing process components guarantees a consistently reliable performance and time saving operations, underpinned by rigorous quality testing and HP warranty.

Easy to install and maintain

- Enjoy low maintenance, trouble-free printing. HP Smart Technology* in the print cartridge and your printer makes HP Supplies easy to install and maintain. Receive automatic alerts when a cartridge is low or out.

Target audience

- For business users in workgroups of 10-15 people in enterprise, large, medium and small organisations, the HP LaserJet 2410/20/30 printer series offers the means to increase productivity with a fast, reliable, expandable and easy-to-use solution.

Get the best results out of your HP Printing System. HP Smart Technology* and superfine toner formula in HP LaserJet Print Cartridges work with your printer to deliver accurate, consistent, reliable and cost-effective performance.

HP LaserJet Smart Print Cartridges for the HP LaserJet 2410/20/30 printer series

Improved electro-photographic process

Dynamic electro-photographic adjustments constantly optimise the print process to ensure consistent toner particle distribution throughout the stages of the print cartridges' life, ensuring consistent print quality from the first page to the last. Upon cartridge installation, information about the initial sensitivity of the drum is registered and stored, so minor fluctuations of the photosensitive drum can be accurately adjusted.
