

ClickSafe Combination Ultra Laptop Lock

The 1-Step Security Solution

K64681US

Product Description

The ClickSafe® Master Access Combination Laptop Lock offers effortless protection with just one click for the ultimate in physical security. The ClickSafe Security Anchor attaches to the industry-standard Kensington Security Slot. A 6-foot cable anchors to a desk, table or any fixed structure, and a keyless four-wheel combination offers 10,000 possible combinations. With the Master Access solution, IT managers can reset an employee's code if it gets forgotten or the employee leaves the company.

Features

- ClickSafe® Lock provides one-step security after Security Anchor has been installed into Kensington Security Slot™ found on most laptops, increasing employee compliance
- Carbon steel cable is cut-resistant and anchors to desk, table or any fixed structure
- Ultra cable is extra thick to provide the highest level of cut resistance
- Register & Retrieve™ program allows you to look up forgotten codes
- One-handed engagement without need to use a key
- Master Access solution allows IT to reset forgotten codes
