Offers a customized brushing experience

- EasyStart program helps you adjust from a manual toothbrush

Recommended by dental professionals world wide

- Better plaque removal to help reduce cavities
- Safe on orthodontics, dental work and veneers

PHILIPS

2 Series plaque control

Features

Helps reduce cavities

Provides better plaque removal and access to back teeth; brushing twice a day every day with this brush can help reduce cavities

Up to 6x better plaque removal

Removes up to 6x more plaque than a manual toothbrush for a superior clean

Sonic technology

Our sonic technology creates a unique dynamic cleaning action that drives fluid deep between teeth and along the gumline for a thorough-yet-gentle clean

Safe and gentle

The gentle motion of this Philips Sonicare power toothbrush is safe for dental work, including orthodontics, implants and veneers, so you can brush without worry.

Better access to back teeth

Slim, angled brush head provides better access to back teeth and hard-to-reach places

Better in hard-to-reach areas

The slim, angled neck and easy-grip handle of this toothbrush helps with better cleaning in hard-to-reach areas than a manual toothbrush

EasyStart

The EasyStart feature adjusts the power level of the toothbrush over the first 14 uses to help you get used to the Sonicare experience, streamlining the transition from a manual toothbrush

Smartimer

This Philips Sonicare power toothbrush features a special Smartimer to help you meet the dentist-recommended brushing time of two minutes

Quadpacer

Features a Quadpacer interval timer to help encourage thorough brushing of the entire mouth. The toothbrush beeps every 30 seconds, signifying it's time to move to another area of the mouth.
