PJ04MHA

Mobile, height-adjustable, automatic mount

High-end Mobile, Motorised, Height-Adjustable Mount for NEC Short-Throw Projectors

The PJ04MHA is an ergonomic and flexible trolley that is easy to move and easy to install. This solution, with its stable design, is perfect for large interactive boards and a rotatable projector pillar allows the system to pass through doorways easily.

The motorised height adjustment is soft and quiet, readily available from a button under the interactive board.

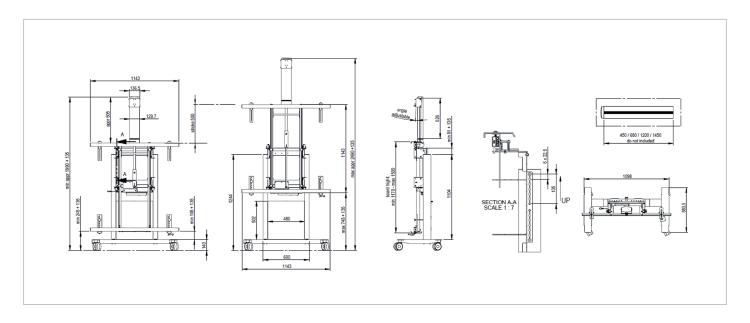

Ideal for use anywhere where equipment needs to be moved often.

Delivering Genuine Benefits

- Motorised height-adjustment to adjust the screen to different users
- Very stable design to prevent the whiteboard from shaking when touched
- Professional cable management inside main body
- Highly preassembled to make installation quick and easy
- Lockable 100mm casters enable safe and easy maneuverability over various flooring surfaces
- Universal mounting for whiteboard
- Light weight package provides secure and cost effective shipping
