
Name: **Fiber Optic Cable ST/LC 62.5/125 Multimode 5m**
Manufacturer: **Techly**

-
- Compatible with multimode fiber applications
 - High bandwidth to support longer distances
 - Economical solution
 - Ideal for use in Gigabit Ethernet applications

Features

- Diameter Fiber - Core: 62.50 microns; Coating: 125 microns
 - Fiber Type - Multimode
 - OM1: fiber cable multimode 62.5 / 125 designed to carry 1 Gigabit Ethernet up to 275 m
 - Connectors: ST to LC
 - Duplex
 - Coating: PVC
 - Jacket OD: 3.0 mm
 - Coating color: orange
 - Length: 5m
-
