Data sheet

HP Desk Dock

HP Elite x3 and HP display sold separately. Apps sold separately, availability may vary.

Effortlessly switch between a handheld and desktop PC experience

Reinvent your desktop workspace with the ultra-compact HP Desk Dock, which quickly charges your HP Elite x3 and uses its pocket-sized PC power to maximize your Windows 10 Mobile[1] productivity on an external display, keyboard, and mouse.[2]

Multi-task with seamless multi-screen flexibility
Talk, text and run mobile apps on your docked HP Elite x3 while simultaneously multi-tasking with your Windows and corporate apps on a connected external display[2] using Windows Continuum[3] and HP Workspace.[4]

Add your network and your accessories
Connect to a wired network through the HP Desk Dock's Gigabit Ethernet connection and your choice of input/output devices and accessories with two USB-A ports and one USB-C™ port.

Charge up
Get back to full battery power while you work when you quick charge your HP Elite x3 in the HP Desk Dock.

Travel light
Simplify your day with one device. The HP Desk Dock lets you use your HP Elite x3 in and out of the office and easily dock at work and home for a complete desktop experience.

Integrated security
Use the security lock slot and your own lock (sold separately) to secure your dock to another device, desk, or table.

1. Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers, software or BIOS update to take full advantage of Windows functionality. Windows 10 Mobile is automatically updated, which is always enabled. ISP fees may apply and additional requirements may apply over time for updates. See http://www.microsoft.com.
2. Sold separately.
3. For multi-screen Continuum experience, the HP Elite x3 must be connected to the HP Desk Dock that is connected to an external display.
4. HP Workspace software update for Windows 10 required and planned in a future release. Subscription required. Corporate application must be licensed on corporate network for virtualization.
