

Name: **Multimode 50/125 OM4 Fiber Optic Cable SC/SC**
Manufacturer: **Techly Professional**

- Compatible with multimode fiber applications
- High bandwidth to support longer distances
- Economic Solution
- Ideal for use in Gigabit Ethernet applications

Features

- Fiber diameters - Core: 50 microns; Coating: 125 microns
- Fiber Type - Multimode
- OM4: 50/125 multimode fiber cable arranged to transport the 10 Gigabit Ethernet up to 550 m, 40 and 100 Gigabit Ethernet up to 150m
- Connectors: SC to SC
- Duplex
- Coating: LSZH
- Jacket OD: 3.0 mm
- Lining Color: fuchsia
- Length: 10m
