Acer One 10

[S1003 - Phuket]

Value Proposition

Craving for portability and versatility? Let the Acer One 10 serve you as a laptop and a tablet. Convertible and detachable into 4 modes, discover the style that best suit your needs.

- Latch-less hinge allowing 4 usage modes: notebook, tablet, tent and display
- Full Windows Continuum support
- Acer Precision Touchpad

Key Selling Pillars

FLEXIBLE

- The latch-less hinge design enables you to switch between different modes with ease and convenience.
- Discover 4 modes of usage: notebook, pad, tent, and display.
 - Notebook: Use it as a standard laptop with keyboard.
 - Pad: Enjoy multimedia and social network anytime.
 - Display: Share moments or present contents with ease.
 - Tent: Perfect to use in narrow spaces.

ENTICING EXPERIENCE

- The Acer One 10 comes with an Intel® Atom x5 quad-core processor that speeds up your daily work and play. It will support the next generation Intel Atom x5 processor.
- The Acer Precision Touchpad enables improved pinch to zoom but also smooth scrolling and screen navigation experiences. Three gestures are dedicated to Windows 10 (invoke Cortana, Multi task, invoke action center)
- 10" HD display with IPS¹ technology and 10-point multi-touch.
- Full Windows Continuum support
- All-day battery life

DESIGN

- Metallic front cover with brushed pattern for a smooth and elegant look.
- Physical Windows key

KSP Detailed

Enhance your mobility

Notebook

- A fully functional laptop with keyboard. Efficient for daily work and productivity.
- Precise and ample keys for a comfortable typing.

Tablet

- Use it as a tablet and browse through webpages, get connected to social media, play exciting games, or watch latest movies. All fits nicely in your hand.

Display

- Present your proposal or broadcast a video conference.
- Share photos or movies with others.

Tent

- The perfect mode when you need to use it in a narrow space, e.g. : checking recipe in the kitchen or set it up on a bookshelf.

Intel® Atom™ x5 Quad Core processor

The Intel® Atom™ x5-Z8350 processor offers stunning visuals and low power consumption—without sacrificing performance—to help you deliver compelling new user experiences at the edge of the Internet.

- Revolutionizing IoT Applications with Tablet-like form factors
- Stunning visual capabilities
- Greater intelligence at the IoT edge
- Long battery life and thin, fan-less designs
- Better security with less effort
- Flexible connectivity and Expansion options

! The Acer One 10 supports the next generation Intel Atom x5 processor (x5-Z8350)

All-day battery life

Precision TouchPad

The Precision Touchpad enhances the accuracy and performance of touchpad navigation. The seamless gesture recognition technology distinguishes between intentional finger gestures and accidental contact with the palm or hand. Fewer mistakes mean you can tap, swipe, scroll, and zoom more easily than ever.

The Precision Touchpad is equipped with palm rejection technology, which distinguishes between intentional finger gestures and accidental contact with the palm or hand. With the seamless gesture recognition, you can work efficiently with fewer mistakes.

10" HD display with 10-finger touch capacity

The Acer One 10 comes with a 10" HD screen with IPS¹ technology with 10-finger touch capacity.

The IPS¹ technology delivers an expanded viewing angle so that users will see the full detail and saturated colors from edge to edge.

acer

Full Windows 10 Continuum support

Windows optimizes your experience for what you're doing and the device you're using. Onscreen features, like menus and taskbars, adapt for easy navigation. Apps are built to scale smoothly from screen to screen so they look good from the smallest phone screen up to the largest 4k displays. You can even change from tablet to desktop mode anytime you want – your screen will give you a smooth transition and a beautiful display. Available exclusively on Windows, this feature is called Continuum and is designed to ensure that the best screen is always the one you're on.
