ABOUT EZVIZ

EZVIZ helps you app your life. Right from the palm your hand, you connect visually to your home or your work. Welcome to the smart home and business!

FEATURES

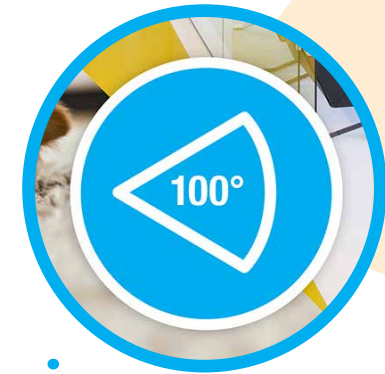

STATE-OF-THE-ART MOTION DETECTION

The T1C has a PIR sensors. This means it detects infrared wavelengths from people or moving objects. Passive Infrared (PIR) motion detection guarantees you a higher level of security.

PETS ALLOWED

Don't choose between the security of your home and the freedom of your pets. The T1C disregards movement by pets up to 25kg and won't send false alarms when your four-legged friend enters the coverage area.

WIDE ANGLE

The T1C has an angle of 100°, allowing you to cover up to 12m, up and down, left and right.

ALWAYS UP-TO-DATE

Whenever the T1C detects motion, the A1 sends an instant alert to the app on your mobile phone. Know what's happening, when it's happening.

FEATURES

SIMPLE AND SMALL

The T1C has a nice design and doesn't take a lot of space.

INTEGRATED EZVIZ SOLUTION

The A1 can be connected to your EZVIZ cameras. When a sensor is triggered, the camera instantly starts recording images and video.

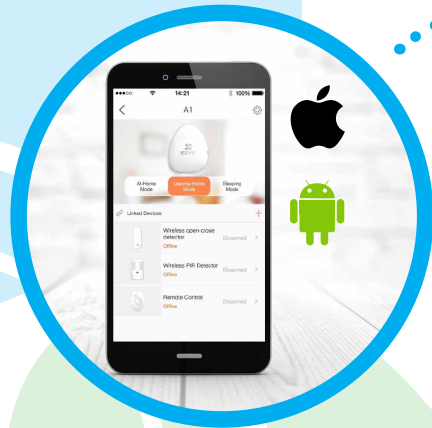

WORKS WITH THE EZVIZ SIREN

You can connect the sensors to a sound and light siren.

ONE APP DOES ALL THE WORK

You can connect all your devices on one and the same app. The EZVIZ app is easy to use and allows you to view four live video streams at once, if you have cameras.
