Highlights

Static adhesion

Since the screen protector works using static adhesion, they are easy to apply, reposition and remove without leaving behind any sticky residue on your device's screen.

Anti-glare screen protectors

The Surface Shield adds a layer of anti-glare protection to your device's display screen using static adhesion, so it's easy to apply and remove without leaving any sticky residue. Five individual Surface Shields are included.

Surface Shield iPhone 3G + 3GS

The included Surface Shield adds an invisible layer of protection to your iPhone 3G display screen.
