

## Alle Spezifikationen (G2790PX)

### G2790PX

The 27-inch AOC G2790PX display is packed with the latest advances in performance and speed for the smoothest, most immersive gaming experience imaginable. The ultra fast 1ms response time and 144Hz refresh rates deliver sharp, fluid action sequences to ensure you never miss a move. With Full HD resolution, you'll enjoy clear imagery accurate colors for everything from real-time strategy games to first-person shooters. A wide range of connectors like DisplayPort, HDMI and USB 3.0 ensure you can hook up your computer or gaming console and start playing in just minutes. What's more, this display features AMD FreeSync™ technology to seamlessly synchronize the monitor and GPU refresh rates\*, eliminating tearing, stuttering and input lag while preserving the maximum frame rate.
