

The Samsung Galaxy Tab Active2 has been designed to be the most business-rugged tablet available, with innovations specifically geared toward professionals in the transportation, public safety and manufacturing industries.

Made exclusively for the Tab Active Series, the OtterBox Utility Series Latch II delivers a host of work-enhancing features to compliment the Tab Active2's core target users. The convenient hand strap allows a firm one-handed grip while the lanyard keeps your C-Pen stylus safe and in reach. Finally, the integrated spare battery pocket keeps you and your tablet working uninterrupted all shift long.

Less frustrations, more action.

Key features and benefits

- **Custom fit**
Made exclusively for the Samsung Galaxy Tab Active devices
Smart design allows full access to all ports and controls
- **Hand Strap**
Rotates 90° for easy viewing. Adjusts for a snug fit
- **Spare battery storage**
Integrated pocket securely stows additional battery
Included sleeve delivers added layer of battery protection
- **Removable neck strap**
Breakaway design for maximum safety
- **C-Pen leash**
Removable leash prevents drops and loss of the C-Pen stylus

About OTTERBOX

Known as an innovator of protective solutions for the leading global handheld manufacturers, wireless carriers and distributors, we've got technology covered!

Created in 1998 and built upon fundamentals of hard work, creativity and perseverance. Our cases are dedicated to all the klutzy, spontaneous, chaotic, graceless individuals who have broken a device or valuable due to their active lifestyle and like our customers, we've been there too!

We imagine, design and build extraordinary products that enhance life on the go and protect what matters most. They allow people to enjoy extraordinary moments and everyday ones too — without worry. Always ready for action, OtterBox inspires people to do all that they do with a dash of daring.
