

Safety Box

for notebook and accessories

Suitable for interactive Whiteboard (IWB)

Notebook safety box: a real safe

The wall mount Notebook Safety/Security Box by TECHLY PROFESSIONAL is the ideal solution to store and protect your Notebook in a school - or conference room environment or similar. This is the indispensable complement for interactive whiteboards (IWB).

Convenience: When the box is closed it safeguards your notebook and all your IWB accessories, when open, it becomes a practical support for using the notebook with your IWB. Power supply and connection cables can be easily stored in its lower compartment.

Safety: Both compartments are equipped with a security key lock (model ICRLIM01) or high-end tubular key (model ICRLIM02). Flap with double hinge and two pistons guarantee total safety. The interior is equipped with protective pads and fixing band to protect your notebook.

Versatility: This product is compatible with any laptop with a screen size up to 19".

Accessories: Power strip with 4 UNEL sockets with overload protection (sold separately under P/N I-CASE M10-4).
