

# HP MP9 G2 Retail System

## Tiny tower of power

Manage your business from the store floor to the back office and all points in between with the HP MP9 Retail System, a super-compact, flexible powerhouse platform that is deployable wherever your retail demands.

### Designed for everything you demand

- Get the performance you need with your choice of familiar Windows operating systems, 6th generation Intel® processors<sup>1</sup>, Intel DX11.1 Graphics, and a range of storage options.

### One-for-all, everywhere

- Standardize your business on a high-performance platform packed into HP's smallest full-powered retail design. A range of ports and optional mounting solutions enable accessory expansion and positioning virtually anywhere.

### Maximum uptime

- Focus on your business with software and hardware features that simplify serviceability. Remotely manage your systems from one console with Intel® vPro™ AMT<sup>2</sup> (select processors). Get easy access to internal components with a single thumb screw.

### Ready for the wear and tear

- Confidently deploy a solution that keeps its cool with unique temperature control technology and is designed to pass HP's Total Test Process<sup>3</sup> and MIL-STD 810G.<sup>4</sup> It's also backed by a three-year limited warranty and optional HP Care Pack.<sup>5</sup>

### Additional features

- Meet—and exceed—your business needs with 6th generation Intel® Core™ vPro™ processors<sup>1,2</sup> with the Intel Q170 Chipset, integrated Intel DX11.1 Graphics, and up to 32 GB DDR4 memory.<sup>6</sup> Then select your M.2 PCIe SSD or SSHD storage—up to 2 TB.<sup>7</sup>
- Go with the Windows or FreeDOS operating system you know and trust.
- Add a display—or two or three—a keyboard, mouse, cash drawer, barcode scanner, printer, and more<sup>8</sup> with two DisplayPort connections, seven USB 3.0 ports, and audio inputs. Get network connectivity from an RJ-45.
- Build a perfectly efficient point of sale, kiosk, digital signage or back office solution with a selection of mounting and security accessories.<sup>9</sup>
- Help protect your data and hardware with HP BIOSphere with Sure Start, the industry's first self-healing BIOS, and options<sup>8</sup> that secure your device to a fixed location.

### Messaging Footnotes

- <sup>1</sup> Multi-Core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. 64-bit computing system required. Performance and clock frequency will vary depending on application workload and your hardware and software configurations. Intel's numbering is not a measurement of higher performance.
- <sup>2</sup> Some functionality of vPro, such as Intel® Active Management Technology and Intel Virtualization Technology, requires additional third party software in order to run. Availability of future "virtual appliances" applications for Intel vPro technology is dependent on third-party software providers. Microsoft Windows required.
- <sup>3</sup> HP Total Test process test results are pending and are not a guarantee of future performance under these test conditions. Drop and other accidental damage requires an optional HP Accidental Damage Protection Care Pack.
- <sup>4</sup> MIL-STD testing is pending and is not intended to demonstrate fitness for U.S. Department of Defense contract requirements or for military use. Test results are not a guarantee of future performance under these test conditions. Accidental damage and damage under the MIL STD test conditions requires an HP Accidental Damage Protection Care Pack.
- <sup>5</sup> HP Care Packs are sold separately. Service levels and response times for HP Care Packs may vary depending on your geographic location. Service starts from date of hardware purchase. Restrictions and limitations apply. See [www.hp.com/go/cpc](http://www.hp.com/go/cpc) for details. HP services are governed by the applicable HP terms and conditions of service provided or indicated to Customer at the time of purchase. Customer may have additional statutory rights according to applicable local laws, and such rights are not in any way affected by the HP terms and conditions of service or the HP Limited Warranty provided with your HP Product.
- <sup>6</sup> Maximum memory capacities assume Windows 64-bit operating systems or Linux. With Windows 32-bit operating systems, memory above 3 GB may not all be available due to system resource requirements.
- <sup>7</sup> For hard drives and SSDs, GB = 1 billion bytes. TB = 1 trillion bytes. Actual formatted capacity is less. Up to 30 GB (for Windows 8) is reserved for system recovery software.
- <sup>8</sup> Sold separately.

### Technical Specifications Footnotes

- <sup>1</sup> Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers, software or BIOS update to take full advantage of Windows functionality. Windows 10 is automatically updated, which is always enabled. ISP fees may apply and additional requirements may apply over time for updates. See <http://www.microsoft.com>
- <sup>2</sup> This system is preinstalled with Windows 7 Professional software and also comes with a license and media for Windows 10 Pro software. You may only use one version of the Windows software at a time. Switching between versions will require you to uninstall one version and install the other version. You must back up all data (files, photos, etc.) before uninstalling and installing operating systems to avoid loss of your data.
- <sup>4</sup> Multi-Core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. 64-bit computing system required. Performance will vary depending on your hardware and software configurations. Intel's numbering is not a measurement of higher performance.
- <sup>5</sup> Transfer rates up to 2133 MT/s
- <sup>6</sup> For storage drives, GB = 1 billion bytes. TB = 1 trillion bytes. Actual formatted capacity is less. Up to 16 GB (for Windows 7) and up to 36 GB (for Windows 8.1 and 10) of system disk is reserved for system recovery software.
- <sup>7</sup> Wireless cards are optional or add-on features and requires separately purchased wireless access point and internet service. Availability of public wireless access points limited.
- <sup>8</sup> HD content required to view HD images.
- <sup>9</sup> Optional or add-on feature.
- <sup>10</sup> HP ePrint requires an Internet connection to HP web-enabled printer and HP ePrint account registration (for a list of eligible printers, supported documents and image types and other HP ePrint details, see [www.hp.com/go/eprintcenter](http://www.hp.com/go/eprintcenter)).
- <sup>11</sup> HP BIOSphere with Sure Start available only on business PCs with HP BIOS.
- <sup>12</sup> EPEAT® registered where applicable. EPEAT registration varies by country. See [www.epeat.net](http://www.epeat.net) for registration status by country.
- <sup>13</sup> External power supplies, power cords, cables and peripherals are not low halogen. Service parts obtained after purchase may not be low halogen.
