FUJITSU Accessory Keyboard KB950 Phone Input Devices

Premium Keyboard with Skype for Business Support

The KB950 Phone is a modern and slim line USB keyboard with integrated Skype for business features. This extremely reliable, high-speed input device is the perfect way to manage incoming and outgoing calls, even when the system is locked. Three additional keys make it easy to accept and end calls and mute your microphone during a call. Easy number dialing is assured with the numpad. The integrated 61 x 12 mm display shows the time and date, the user status and shows incoming call data in the form of the calling number and caller ID.

Features at a glance
- Integrated display shows the time, date and user status on Skype
- Three telephone buttons next to the display for taking calls, muting your microphone or ending a call
- You can take calls even when PC is locked
- Dial function using the numpad, even when the system is locked
- Integrated speaker to indicate incoming Skype calls
- Spill-resistant keyboard
- 8 additional function keys including an on/off button and Cortana

Connectivity
- Easy connection to any PC via a standard USB interface without requiring any driver installation
- Connect your headset to the keyboard with a four-pin jack

Ergonomics
- Extremely slim, space saving design
- Palm rest included for better ergonomics
- Low noise

Modern production technology
- Abrasion-proof keys thanks to the use of laser technology to inscribe the keycaps
