

glassfusion™ visionguard™

Extreme Hybrid Glass Protection + Harmful Blue Light Filter
Made for: Samsung Galaxy S10 and S10+

EXTREME IMPACT PROTECTION

SCRATCH PROTECTION

PROTECTIVE EYESAFE® LAYER

PRESERVES SCREEN COLORS

TUV CERTIFIED RPF15

Key Selling Points

- The protective Eyesafe layer filters harmful blue light which can contribute to digital eye strain while maintaining the superior color performance of your device display.
- The flexible quality of hybrid glass absorbs and disperses impact, with a smooth finish.
- GlassFusion won't chip which prevents cracks from starting and spreading, and tough components protect from scuffs and scratches.
- GlassFusion's smooth, unique surface finish prevents oils from adhering to your screen, so smudges and fingerprints wipe away easily.

All InvisibleShield® screen protectors come with a limited lifetime warranty*. See ZAGG.com for details
