androidtv

Google Assistant

Chromecast built-in

Key Features

Enjoyment in High Definition

Play your favorite movies, TV shows, games, and apps in awe-inspiring 1080p Full HD.

Up-Firing Speakers

Audio is directed upwards through the top-plate speaker grill to better fill the room with sound.

Android TV 9.0

Enjoy thousands of movies and shows, play games from Google Play, and watch your favorite streams on YouTube and other streaming apps.

Keystone Correction

Horizontal and vertical ($\pm 40^\circ$) adjustment ensures a clear picture from any distance or at any angle.

Multiple Input Sources

Connect via HDMI or USB to mirror your iOS devices, use a TV box, or play content from a laptop.

The Home of Home Entertainment

A truly immersive cinematic experience that normal TVs just can't provide.
