

ERGO Face to Face Electric Sit-Stand Desk Frame

Model No.:

650830 (Grey)

650831 (White)

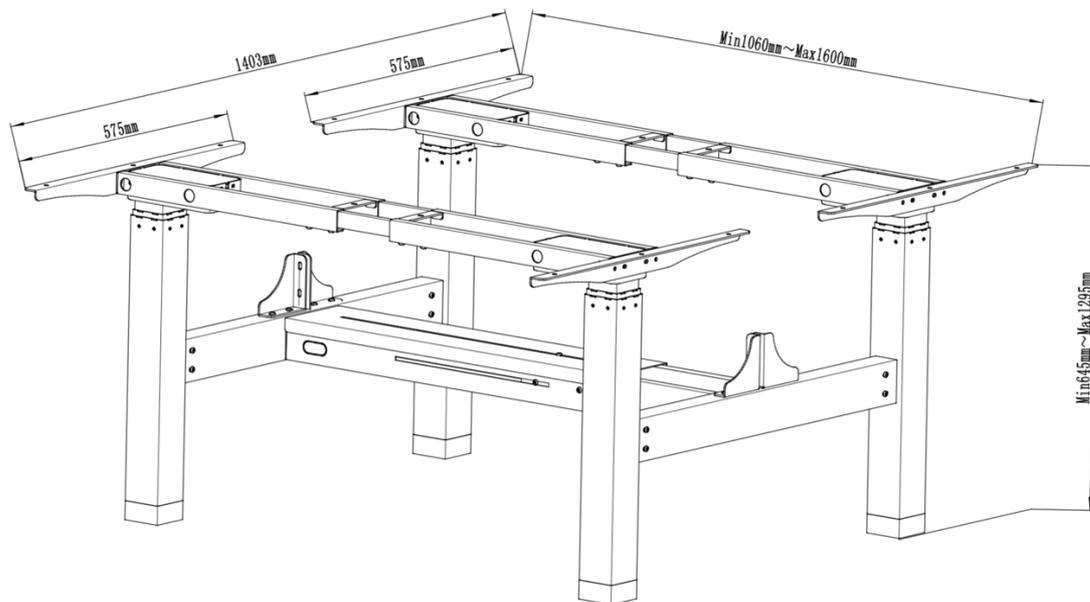

I Overview

The equip[®] Face to Face Electric Height Adjustable Workstation is an ergonomic electric height adjustable Sit-Stand office workstation, with height adjusters in each desk. It uses lifting system and motors in the legs of the table thereby raising and lowering the unit. Quad motors offer more power for increased stability and larger loading capacity while running with low noise for better and quieter working environment.

The programmable LED memory controller helps you to build a sit-stand habit. With only touch, you can adjust the desk to your preferred working height.
