Description

The equip 4-Ports HDMI Splitter distributes one video stream to four displays, bringing synchronized high-definition video to conventions, home theaters, shopping areas, and campuses with ease.

HDMI Splitter splits your HDMI device's audio and video signals on four screens, TVs or projectors with a resolution of UHD 4K/60Hz.

No more tedious reconnecting your cables. Additionally, HDR, HDCP2.2 and 3D are supported - also a total width of 18Gbps for fluent playback in excellent quality.

Auto-EDID - Automatically reads the EDID data of the connected display.
