SYSTEM V™

BT5961

CCTV CEILING MOUNT FOR LARGE DOME SECURITY CAMERAS

The BT5961 is a CCTV ceiling mount for large dome security cameras and is available with a 1 or 2 metre ceiling drop. Integrated cable management allows cables to run through the centre of the pole and out through either the top or side of the ceiling mount, ensuring finished installations are neat and tidy. For longer drops, the pole length can be extended with a joiner (BT5924) and additional poles (BT5935) from the System V Range, whilst accessories such as a flat screen can be added with the use of a ø38mm accessory collar (BT5952) and compatible screen mount.

SPECIFICATION

Max. load	5kg
BT5961-FD100 drop length	1036mm
BT5961-FD200 drop length	2036mm
Camera fixing dimensions	51mm to 251.5mm
Colour	White

FEATURES

- Mounts a large dome camera to the ceiling
- Available in a choice of two different drop lengths
- Multiple grub screws allow micro-adjustment of the pole to ensure a perfectly angled drop
- Safety bolts ensure pole and camera mount are securely joined
- Integrated cable management allows cables to pass through the centre of the pole to the screen mount and out through the top or side of the ceiling mount
