CCTV  
INSTALLS

# BT5924

## EXTERNAL POLE JOINER

### FOR Ø38MM POLES

The BT5924 is an external joiner from B-Tech's System V Range; a collection of components designed for the installation of CCTV and other ceiling mounted equipment. Designed for use with BT5935 ø38mm poles, the joiner allows for an extended drop of System V installations, fixing over the ends of the two poles to create a rigid join. Adding compatible B-Tech mounting interfaces and accessory collars to mount CCTV dome cameras and other AV equipment such as flat screens, allows users of System V to create custom ceiling mounted solutions that suit their specific needs.

#### SPECIFICATION

External dimensions	150mm x 48mm
Internal diameter	Ø40.4mm
Colour	White

#### FEATURES

- Allows a rigid external join of 2x **BT5935** ø38mm poles to extend the drop of System V installations
- 4mm heavy duty steel supports substantial loads with minimal movement of mounted poles
- Multiple grub screws allow micro-adjustment of the pole to ensure a perfectly angled drop
- Allows cables to pass through the poles and joiner
- Safety bolt holes ensure a secure connection to System V poles
- Create a variety of ceiling mounted CCTV installs using System V's range of components

Attaches directly to **BT5935** ø38mm poles

4mm heavy duty steel capable of supporting substantial loads

Safety bolt holes ensure a secure connection to System V poles

Allows a rigid external join of 2x **BT5935** poles to extend the drop of System V installations
