- Power mode supported: AC powered
- Power consumption: 4 W

Highlights

Multiple-photo collage effect

It's a slideshow effect to show photos in collage form that automatically and randomly compiles different photos together to avoid unattractive borders that may result from photos which are smaller than the screen size.

Auto orientation

Automatic landscape/portrait recognition employs a sensor that recognizes PhotoFrame orientation and displays each photo in its proper mode.

Color Machine

For the most vibrant colors

Save up to 1000 photos

128MB installed memory

Viewing photos in USB flash

A USB connector for easy viewing and sharing of photos stored on USB flash drive.

Clock and Calendar

View digital time and date

Ease-of-use user interface

The UI includes a minimum of buttons with clear and intuitive guiding text and graphics and logically design on-screen-menus that help you to instinctively enjoy all the features of the product without hassle or long-time learning.
