Highlights

32 mm speaker driver

The 32 mm speaker driver is a compact yet powerful element for delivering non-distorted sound with any given input power.

Bass Beat vents

Bass beat vents allow air movement for better sound with a deep rich bass.

Neodymium magnet

Neodymium is the best material for producing a strong magnetic field for greater sensitivity in a voice coil, better bass response and higher overall sound quality.

Excellent sound quality

Acoustically-tuned design and high-quality drivers ensure best-in-class audio performance.

24k Gold-plated plug

Rest assured that the precious metal gold finishing on the plug will give you a more reliable connection for better quality audio.

Ultra soft fabric

The ultra soft material use which provides soft-touch feel on the skin, for maximum wearing comfort.

Contoured design

Contoured design around the neck, for comfortable fit

Comfort fit

This headphone is designed around the shape of your ear for extra comfort and more enjoyment during longer periods of listening.

Real Flat folding

The headphone is designed to be folded flat, so that it fits in your travel bag easily.

Reinforced cable connection

A soft plastic part on the earshell reduces cable strain, protects the connection and prevents damage from repeated bending.

Single-sided cable

The cable is conveniently connected to just one side, considerably reducing the risk of tangling and simplifying winding the cable up for storage.

1.2 meter cable

The ideal cable length to give you the freedom to put your audio device where you want.
