HP8363/20

Maximum shine with maximum protection

The Philips ActiveCare Jojoba straightener protects the hair from overheating, due to its high performance heater. At the same time it gives maximum shine to the hair with natural Jojoba oil infused ceramic plates.

Benefits

Beautifully styled hair

- Maximum shine with Jojoba oil infused ceramic plates
- Great results in less time with gentle sonic vibrations

Less hair damage

- More care with ion conditioning for shiny, frizz-free hair
- Caring and efficient straightening with constant temperature
- Healthy hair without hotspots with Even Heat Distribution

Ease of use

- No more accidental change of settings with key-lock function
- Closing lock to close the handle for easy and safe storage
- Included: Heat resistant pouch
- Instant heat-up within 15 seconds
- Automatic shut-off after 30 min

PHILIPS

Features

Jojoba oil ceramic plates

For maximum shine, the ceramic plates have been infused with natural and heat-resistant Jojoba oil. The plates glide effortlessly through your hair, giving you perfect shiny hair.

Ionic Care

Give your hair an instant care with ionic conditioning. Charged negative ions eliminate static, condition the hair and smooth down the hair cuticles to intensify the hair's shine and glossiness. The result is hair that is beautifully shiny, smooth and frizz-free.

Constant temperature

This straightener keeps a more constant temperature. Thanks to its high-performance heater it allows you to straighten your hair at a more caring temperature while getting the exact style you want!

Even Heat Distribution

Advanced Philips EHD+ technology means that your styler will always distribute the heat very evenly - even at high temperatures, and prevents damaging hot spots. This gives added protection and thus helps to keep your hair healthy and shiny.

Gentle sonic vibrations

Gentle and pleasant vibrations evenly distribute the hair over the plates so that each hair benefits from the care effects

Instant heat-up

Specifications

[field not found 'disclaimer_text']

Technical specifications

Voltage	110-240 V
Heating time	Instant heat-up: 15 sec
Cord length	2 m
Color/finishing	Grey and Peach
Heater type	High-performance
Maximum temperature	199 °C

Features

Ready for use indicator	Yes
