Product Description

With the latest Windows OS, users have a huge array of options when it comes to getting the most out of their device, combining touchscreen and keyboard like no other. The Pro Fit® Wired Windows® Gesture Mouse features a multi-function gesture button that lets you perform up to six specific actions with your thumb that typically are accomplished with a touchscreen finger swipe. The mouse has a high-definition 1800 DPI sensor that optically tracks your hand movements for precision control. With two buttons, a gesture button, and a scroll wheel, the mobile design is highly comfortable, and with Plug & Play installation you can get up and running quickly.

Features

- Multi-function gesture button allows you to perform up to 6 Windows-specific tasks
- 1800 DPI optical sensor provides high-definition tracking for superior performance
- Mobile two-button, scroll wheel design, along with the gesture button, offers a comfortable user experience
- Plug & Play installation
