- Up to 50% more homogenous end results-TurboStar technology*

Thoughtfully designed

- Large 0.8 kg capacity, 20% compacter*
- Universal removable handle - easily exchange accessories

PHILIPS

Highlights

Crispy and tender results

Thanks to Philips TurboStar technology, all food is exposed to this constant, circulating heat and is cooked through simultaneously. The result is evenly fried food – with no turning needed - even when food is piled up. In addition to the heated air flow, powerful direct heat from above quickly crisps the food for delicious, golden-brown results. “Crispy on the outside, tender on the inside”

Dishwasher safe parts

The removable nonstick coated drawer and the food basket are dishwasher safe for easy cleaning. Philips Airfryer with Rapid Air Technology saves you and your home from the smell of fried oil compared to a regular fryer.

QuickClean basket

With Philips' Airfryer QuickClean basket which includes a removable non-stick mesh, cleaning becomes easier and faster. The removable nonstick coated drawer and the food basket are dishwasher safe for easy cleaning. Philips Airfryer with TurboStar technology saves you and your home from the smell of fried oil compared to a regular fryer.

Versatile cooking

Not just great for frying, the innovative Philips Airfryer with Rapid Air technology also lets you grill, bake and even roast your favorite dishes for a one stop solution for all of your meals.

Small in size, big in capacity

The new Airfryer has been designed with compactness in mind (20% smaller) while still

enabling to cook large amount of food (800 gr). With its reduced size it blends in perfectly onto the kitchen counter-top and serves delicious meals for the whole family. Its thoughtful size enables every day usage and a world of possibilities.

Inspiring recipes

The Philips Airfryer app is free and filled with delicious recipes and easy to follow step-by-step cooking instructions. Get inspired with quick, healthy snacks or meals for special occasions.

Healthier frying

Additionally the unique technology of the Airfryer enables you to fry, bake, roast and grill, the tastiest snacks and meals with less fat than a conventional fryer, by using little or no oil! Philips Airfryer with Turbostar rapid air technology also creates less smell than conventional fryers, it is easy to clean, safe and economical for your daily use!
