- FC9199, HR8300 - HR8349, HR8368 - HR8378, HR8500 - HR8599, Tornado bag vacuum cleaners, Volta bag vacuum cleaners
- Number of dust bags: 4

# Highlights

## s-bag

s-bag is the standard disposable dust bag that is widely available and easily recognisable by its logo. It is suitable for bag vacuum cleaners from Philips, Electrolux, AEG, Volta and Tornado.

## s-bag HEPA — Anti-allergy

The new material is providing a filtration level at HEPA 10 that is verified by the Swedish Test Institute, SP. Although the filtration capacity is improved, the clogging performance is maintained thanks to the fine fibre distribution in the material. Higher levels of filtration normally have a negative impact on the clogging performance.

## ECARF seal of quality

The Philips HEPA Anti-Allergy s-bag has been awarded the ECARF seal of quality. This seal testifies towards the high levels of filtration that this s-bag provides. The ECARF seal of quality helps people who suffer from allergies to improve their quality of life. The quality seal has been created to help allergy patients select appropriate products and services.

## Special closing system

No contact with the dust thanks to the patented closing system.
