Highlights

Electret condenser

The sensitive electret condenser picks up every acoustic details for perfect sound reproduction and studio quality.

Low noise switch

You'll not hear any annoying 'clicks' when switching this microphone on and off.

Omni-directional design

This microphone's sensor is equally sensitive to sound from all directions.

3m microphone cable

Give yourself extra freedom of movement with little risk of tripping or tangling.

Windshield

The integrated windshield prevents disturbing noises from wind gusts or breathing too close to the microphone.

Die-cast metal alloy body

The tough metal body not only withstands rough handling, but also reduces resonance. The benefit is a longer operational life and a better reproduction.

Microphone storage box

The safe and convenient way to store your microphone and cable after use.

Table stand

This sturdy stand securely holds the microphone in place on any flat surface.
