

Introduction

PFU (EMEA) Limited (PFUE) offers the most comprehensive range of document scanners available on the market today. Manufactured to the highest quality standards, Fujitsu scanners have an excellent reputation for reliability.

Whether your application involves document management, archiving, workflow or forms processing, PFUE most likely has the optimum scanner for the capture of your documents and data.

FUJITSU SCANNERS CAN OFFER YOU:

- The ability to scan paper sizes from business card to A3 (extra long scanning possible up to 5.5m in length)
- Scan speeds up to 270 images per minute
- Automatic document feeders as standard
- Simplex / duplex scanning
- Colour scanning capability as well as in black / white or greyscale
- Image enhancement for poor quality/mixed colour documents
- Complementary technologies across a broad range
- SCSI & USB models
- Host of software bundling
- Scan to the cloud and scan wirelessly

ABOUT PFU LIMITED

PFU Limited, a subsidiary of Fujitsu Limited, is a \$1 billion global enterprise that designs, develops, manufactures, sells and maintains computer hardware, peripheral products, enterprise software and systems. PFU Limited has been engaged in document imaging scanner business for over 20 years.

ScanSnap S1100i – One touch paper to PDF USB powered scanner

- Scan at 7.5 seconds per A4 colour page
- Seamlessly link to iOS and Android devices
- Scan documents to your cloud accounts
- Flexible paper paths, scan 2 small documents simultaneously
- Efficiently scan and organise business card data

ScanSnap iX100 – Battery powered wireless scanner for the ultimate in portability

- Scans at 5 seconds per A4 colour page
- Equipped with GI processor for effortless scanning and distribution
- Built in Wi-Fi automatically detects and seamlessly switches between access points
- Scan to smart devices via ScanSnap Connect App
- Flexible paper paths, dual document scanning, A3 stitching

ScanSnap S1300i – Allows Windows and Mac users to be productive and paperless

- Speedy duplex scanner, 12 ppm / 24 ipm
- 10 page ADF, Scan from A8 to A4
- Can be optionally powered via USB
- Scan to editable Word, Excel and PowerPoint
- Deluxe version available with Rack2-File software

ScanSnap iX500 – WiFi multi-platform duplex scanner

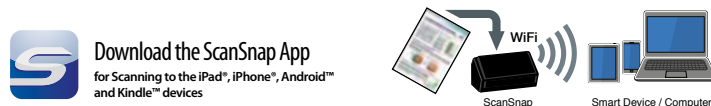

- Compact desktop scanner, 25 ppm / 50 ipm
- 50 page ADF, Scan from business cards to A3
- Scan wirelessly to your Smart devices, PC and Mac
- Simplex / Duplex, Intuitive functions
- Bundled with Adobe Acrobat XI
- Deluxe version available with Rack2-File software

ScanSnap SV600 – An intuitive, versatile and unique scanner for instant digitisation

- One touch operation for PC and Mac
- Versatile overhead scanning of everyday documents
- 3 seconds to scan an A3 landscape page
- Small footprint and robust design
- Continuous scanning with page turning detection and timed mode

Scan to...

Scan to a range of applications including*:

*Some applications only relevant on certain ScanSnap models.

Workgroup and Departmental

fi-6110 – ECM opportunities for SMB companies

- Scans 20 ppm / 40 ipm at up to 300 dpi
- Ultra compact design (292 x 143 x 130 mm)
- A4 – A8 Scanning; A3 scanning supported
- Bundled with PaperStream IP/Capture

fi-7160 – A milestone in document scanning

- 60 ppm / 120 ipm at 300 dpi in mono and colour
- iSOP (Intelligent Sonic Paper Protection)
- Skew reducer aided by independent pick rollers
- Integrated LCD and Central Admin tools
- Bundled with PaperStream IP/Capture

fi-7260 – A new level of productivity

- 60 ppm / 120 ipm at 300 dpi in mono and colour
- iSOP (Intelligent Sonic Paper Protection)
- Skew reducer aided by independent pick rollers
- Integrated LCD and Central Admin tools
- Bundled with PaperStream IP/Capture
- Flatbed module for scanning bound or stapled documents

fi-7180 – Revolutionising desktop scanning

- 80 ppm / 160 ipm at 300 dpi in mono and colour
- iSOP (Intelligent Sonic Paper Protection)
- Skew reducer aided by independent pick rollers
- Integrated LCD and Central Admin tools
- Bundled with PaperStream IP/Capture

fi-7280 – High performance desktop scanning

- 80 ppm / 160 ipm at 300 dpi in mono and colour
- iSOP (Intelligent Sonic Paper Protection)
- Skew reducer aided by independent pick rollers
- Integrated LCD and Central Admin tools
- Bundled with PaperStream IP/Capture
- Flatbed module for scanning bound or stapled documents

fi-5530C2 – Exceptional A3 scanning at an amazing value

- Captures up to 50 ppm / 100 ipm (landscape, 200 dpi) in colour, monochrome and grayscale
- Ultrasonic double-feed detection ensures reliable scanning.
- Compact footprint (W: 399 x D: 225 x H: 193 mm) and true 600 dpi resolution
- Bundled with PaperStream IP/Capture

Network Scanners

N7100 – Enhanced processing with one touch scanning and transmission

- Touchscreen network scanner with feeding speeds of 25 ppm / 50 ipm
- Instant processing and hardware accelerated image enhancement
- Active paper feeding mechanism handles broadest range of mixed documents and plastic cards
- USB ports for keyboard or IC reader connectivity
- Monitor and manage centrally through Scanner Central Admin tools

Low Volume

fi-6670 – Suiting your every scanning need

- 90 ppm / 180 ipm at 200 dpi in all colour modes (A4 Landscape)
- Designed to require minimal space with user friendly operability
- 200 page ADF / A8 – A3 scanning
- Bundled with PaperStream IP/Capture

fi-6770 – Loaded with intelligent automation functions

- 90 ppm / 180 ipm at 200 dpi in all colour modes (A4 Landscape)
- Designed to require minimal space with user friendly operability
- 200 page rotatable ADF and flatbed
- A8 – A3 scanning

fi-6750S – Effortless simplex scanning combined with a host of intelligent functionalities

- 72 ppm in simplex scanning speed at 200 and 300 dpi (A4 landscape)
- 200 page rotatable ADF and flatbed
- Loaded with intelligent functions
- Bundled with PaperStream IP/Capture

Production

fi-6400 – Ideal enterprise class scanning solution

- 100 ppm / 200 ipm at 300 dpi in colour and mono (A4 Landscape)
- 500 sheet hopper, A8 to A3 scanning
- Market leading technology and automated routines
- Bundled with PaperStream IP/Capture

fi-6800 – A unique and impressively fast A3 image scanner offering the best cost to performance ratio in its class

- 130 ppm / 260 ipm at 300 dpi in colour and mono (A4 Landscape)
- 500 sheet hopper, A8 to A3 scanning
- Added features for even better automation powering efficiency
- Bundled with PaperStream IP/Capture

fi-5950 – Built for volume scanning

- 135 ppm / 270 ipm at 300 dpi in colour and mono (A4 Landscape)
- A8 – A3 scanning / 500 sheet hopper
- 3 ultrasonic sensors capable of zoning
- 600 dpi optical resolution
- Bundled with PaperStream IP/Capture

Speciality Scanners

fi-65F – High speed A6 format scanner

- Quick and easy scanning of documents to A6 size
- 1 second per A6 scan (B+W), 1.7 secs (Colour)
- Ultra compact design, 145 x 234mm footprint
- Auto cropping and auto deskew
- Can be optionally USB powered
