Keep a close shave

Change heads every 12 months for best results

Every year the blades of your Philips shaver travel the height of Mt. Everest... 49 times! After such a workout, even the best materials can lose their edge. Retain your shaver's peak performance - replace shaving heads every 2 years.

Comfortably close

- Super Lift & Cut shaving technology with dual blade system

Skin protection system

- Flex Tracker system

Superior gliding

- Glide rings

Shave in or out of the shower

- Wet use

Highlights

Super Lift & Cut technology

Dual blade system of your Philips shaver: first blade lifts, second blade cuts for a comfortable close shave.

Flex Tracker system

The Flex Tracker automatically tracks the curves of your face and helps to protect against skin irritation.

Glide rings

The shaving heads have unique glide rings to help the shaver move smoothly over your face.

Wet use

Use the shaver in the shower to save time and gives you the fresh sensation of wet shaving.
