Wireless performance is dependent upon physical environment and distance from access point.

HP USB Network Print Adapter
Q6275A

This easy to install and use network print adapter enables you to print, copy, scan and fax from any networked PC. Connects to any wired or wireless hub or router via 10/100 Ethernet and is compatible with most HP and non HP printers and All-in-ones.

Features

- Easily share a printer with multiple desktop and notebook PC users on a network. The print adapter's simple set up allows you to print any documents off your network instantly.
- Enjoy very fast set-up. Simply plug the adapter into your printer's USB port and connect from your printer to your network without the need for configuration, and get fast 10/100 data transmission.
- You can print, scan, copy, fax and get memory card access and printer status from anywhere on the network. This print adapter works with wired or wireless routers via 10/100 Ethernet, and most HP and non-HP printers, and any desktop or notebook PC.
