HP Photosmart D7260 Printer

"It's user-friendly yet gives uncompromising results. And with a touchscreen and network capability, it delivers fast and easy photos and everyday prints for my whole family."

WHAT DO YOU HAVE TO SAY?

Get the fastest and easiest¹ home photo printing with this network ready printer with interactive touchscreen.

HP Photosmart D7260 Printer

Touchscreen

Wired Ethernet networking

Photos as fast as 10 seconds

The HP Photosmart D7260 Printer brings touchscreen convenience and breakthrough speeds to home photo printing. The large interactive touchscreen with HP Photosmart Express interface helps you view, edit and print wallet, passport, panorama photos and more – all without a PC. Plus, with built-in Ethernet networking, you can easily print, share and upload photos from memory cards² to any computer on the network. Now that's a printing experience the whole family can enjoy.

With HP Advanced Photo Paper, you get instant dry, smudge- and smear-resistant photos.

3.5-inch interactive touchscreen

Slot in a memory card². Tap the screen to pick a photo. Crop and edit at a touch. Even correct red-eye effects. Photo printing is fast and easy with the 3.5-inch touchscreen and HP Photosmart Express's simple and intuitive interface.

Network printing and image sharing

Easily share your printer on a home network of computers, using built-in Ethernet connectivity. Simply plug the printer into the Ethernet port to print from any computer on your network. You can even upload photos from your compatible memory card to any connected computer.

Lab-quality photos and laser-quality documents

With HP's 6-individual Vivera inks, you get lab-quality photos and laser-quality text. Photos printed on HP Advanced Photo Paper dry instantly for smudge-resistant results, making them easy to handle and share.

Print at breakthrough speeds

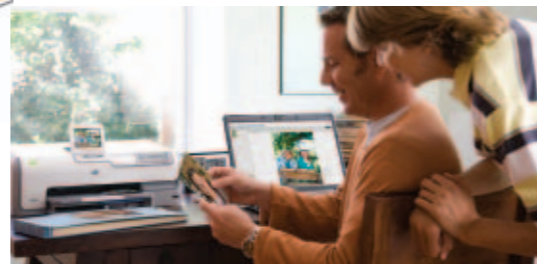

Print a 4 x 6-inch photo in just 10 seconds, or documents at up to 34 ppm black, 33 ppm colour.

Automated photo tray and optional 2-sided printing

Now there's no need to swap paper. The dedicated photo paper tray holds up to 20-sheets of 4 x 6-inch paper and automatically engages when printing 4R photos. And with the optional 2-sided printing accessory attached³, you can print on both sides of the paper automatically.

Print photos without a PC with the multi-slot memory card reader and PicBridge compatibility.

Print directly from any networked PC or upload photos from the printer.

Photo printing is made easy with the 3.5-inch interactive touchscreen.

Convenient photo printing with automated 4 x 6-inch photo tray.

Smart features

Print what you see with HP Smart Web Printing⁴

– HP Smart Web Printing enables you to print without cut-off edges by automatically adjusting web pages to fit the width of the paper. You can also select portions of multiple web pages, place them in the Smart Web "Clip Book" then choose the clips you want to print.

One-touch red-eye removal

– Correct red-eye effects without using your PC.

HP Auto Sense Technology⁵

– Always prints photos on the correct paper side at the right quality setting.

Printable School Papers

– Choose up to eight types of printable school paper – standard line, music manuscript, graph and even mazes.

HP Photosmart Essential software

Print different photo sizes, adjust exposure/colour, create album pages and share photos via email or web albums with this powerful HP software. Even organise & search for your photos by date, file name or keywords.

1. Printing research commissioned by HP and conducted by Docus, 2007. For details and a list of tested printers, go to www.docus.com.
2. Memory card slots support Compact Flash™, Memory Stick®, Memory Stick Duo® (with adapter), Secure Digital/Multimedia Card, Mini SD (with adapter) and xD-Picture Card.
3. Optional 2-sided printing accessory not included; sold separately.
4. Requires Internet Explorer 6.0 or higher.
5. When using HP Advanced Photo Paper, HP Premium and Premium Plus photo papers with HP Auto Sense Technology.
