HP Microsoft Education Services provides SQL Server 2005 Learning Solutions

Plan, deploy, and operate Microsoft SQL Server 2005 successfully with HP Education

SQL Server 2005 is finally here and HP Education Services has the expertise to offer training in either a traditional classroom environment or in HP's innovative Remotely Assisted Instructional Learning (RAIL) environment. See our course listing below for further details.

NEW features with SQL Server 2005 include:

- Scalability & performance boosts
- 64-bit support
- Partitioning
- High-availability features
- Database mirroring
- Failover clustering
- Key management
- Programmability benefits
- Security enhancements
- Data encryption
- T-SQL enhancements
- Integration with CLR

HP Education Microsoft Promotional Offer

Act now and you will receive 20% off Microsoft SQL Server 2005 courses offered by HP Education.

Offer eligibility:
- This flyer must be referenced at time of registration to be eligible.
- Participants must register and attend course(s) by December 31, 2006.
- Promotion is only valid for eligible HP Microsoft courses taught as open enrollment at the Atlanta and Paramus CPLS education centers and Remotely Assisted Instructional Learning (RAIL).
- This offer may not be combined with other HP Education volume purchase programs (e.g. HP Care Pack, Integrated Learning Pak, HP TrainingPak, Corporate Training Plan or Education Reseller Agreement) or any other HP education discount offer such as GSA.
- This offer may not be combined with corporate discounts, Corporate Training Agreements or Software Assurance.
- This offer does not apply to existing registrations, Non-Microsoft, Dedicated (private), on-site, self-paced, skills gap analysis services and HPVC online instructor-led courses.
- Government and HP employees are not eligible for this promotion.

Why HP for your SQL Server 2005 training?

- **Largest number of Microsoft-certified professionals:** HP has technology skills like no other Microsoft partner. We've even been named Microsoft Global Services Partner of the Year.
- **Experience:** We have delivered IT training for more than 30 years, and train thousands of students every year.
- **Worldwide reach:** HP operates more than 80 training locations worldwide.
- **Global rollout and project management capabilities:** We manage training projects for groups from 100 to 100,000 users and IT professionals worldwide.
- **Learning technologies:** HP Virtual Training Room, HP Virtual Labs, web-based learning and skills assessments enable us to reach your employees worldwide and minimize the investment in training while increasing ROI.
- HP won the overall "BEST HARDWARE" category in SQL Server Magazine's 2005 Readers' Choice Awards. Winning the only write-in, user-nominated category testifies to the overwhelming customer confidence in the quality and performance of HP products for SQL Server.

HP Education Microsoft Services

HP has the skills and commitment required to meet the learning and skill development needs of your organization's information technology (IT) professionals and software developers.

- Project-based skills assessment.
- Learning plans.
- Learning management tools.
- Classroom and online Instructor-led training delivery.
- Microsoft Certified Professional exam preparation.

We can assist your organization in planning and managing your educational solutions to implementing and evaluating them. We offer Microsoft official instructor-led and online, self-paced courses and consultative learning services to IT professionals and developers. Assess. Learn. Apply.
