## **HP Wireless Comfort Mobile Mouse Special Edition Silver**

Get great performance and advanced mousing with the silver HP Wireless Comfort Mouse, which combines style and ergonomic features in a modern, affordably priced design

#### Style and comfort

The sleek silver symmetric design suits both left- and right-hand users while the rubber coating on both sides gives you enhanced control and comfort

#### Laser performance

High-precision laser sensor provides precise, smooth and responsive tracking. No need to travel with a mouse pad as laser tracking works on more surfaces than standard optical mouse tracking

#### Advanced scroll wheel

A four-way tilt scroll wheel allows you to navigate right and left. The textured wheel, ratcheted scrolling design and Teflon feet have been optimised to provide control, speed and accuracy

#### Wireless freedom

Advanced 2.4GHz wireless technology means less interference, longer range of operation and no wires to tangle. The micro-receiver is so small you can leave it plugged into your notebook (no more broken or lost

#### Programmable buttons

Two easily-accessible programmable buttons allow you to launch applications, control sound volume, navigate backwards and forward, zoom in and out and launch your favourite websites

#### Compatibility

Compatible across all notebook and desktop platforms
