

Smart, inspiring hood lighting

Our 300 LEDlights Hood requires far less energy than other lights and has a much longer life expectancy. Efficient and helpful, these lights ensure exceptional visibility for all your demands while cooking.

Product Benefits & Features

Long life and great lighting – let LEDlights lead the way

Enjoy expert illumination while you cook. Our LEDlights use far less energy than other lights and provide excellent visibility in the kitchen, ensuring you cook with greater confidence and agility.

- Operation via push buttons
- Washable aluminium grease filters
- Recirculation or extraction options
- Noise level: dB(A)
- For installation into a furniture unit with shallow front cupboard

Reliably reduces cooking fumes

Create a cleaner atmosphere for you to cook, eat and relax in with this efficient cooker hood. Its reliable motor effectively reduces cooking fumes so you can enjoy your time in the kitchen more than ever.

Standard grease filter for a clean kitchen

Our reliable grease filter means you can always enjoy a clear cooking space. When a new filter is required, it can be easily washed or replaced. Your kitchen will be cleaner for longer.

Hood control at the push of a button

Enjoy total hood-control at the push of a button. Simply press to increase or decrease the hood's power, so you can experience a clear cooking environment.

Fast and easy Best-In-Class Installation

PerfectFit solutions provides user-friendly replacement of your current cooker hood. And 25% fewer mounting steps with tool-free options, for fast, accurate, and Best-In-Class Installation of your new cooker hood.

Product Specification
