Highlights

Ice crushing

Use the ProBlend system plus the pulse setting to crush ice cubes into fine pieces in just 45 seconds**. Perfect for your favourite chilled drinks and smoothies, and great for special desserts.

Speed settings

Produce a wide range of drinks and enable fast ingredient preparation for your favourite meals with 1 speed and Pulse settings to choose from. Use for ingredients like herbs, spices and veggies. You can also grind coffee or even crush ice to make a delicious chilled smoothie.

1.9 L family size jar

Serves up to 5 drinks (based on 200 ml glass size) thanks to its 1 L effective capacity.***

HomeID app

Download and discover the HomeID app with +200 ideas on how to make your favourite drinks, meals and snacks with the help of your new blender. Healthy cooking should be simple and leave your family wanting more. That is why the HomeID app offers a variety of healthy alternatives of your favourite dishes. From healthy chocolate desserts to nutrient-packed main meals, we create our recipes healthy without compromising on flavours

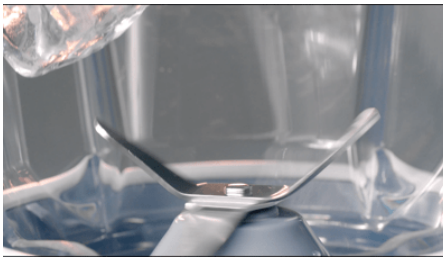

Motor Thermo Protection sensor

Special Motor Thermo Protection (MTP) sensor is designed to prevent the motor from overheating and protects from over-current condition during use.

Considered design

The design has been carefully considered to be both ergonomic and robust while also being modern and stylish, sized to fit into all types of kitchen. The jar shape is comfortable to grip and the rotary knob enables easy operation.

Stainless steel blades

Durable stainless steel blades stay sharp and free from rust or tarnishing for longer.

Anti-vibrate feet

The blender features suction feet for stability and to ensure that it doesn't vibrate during use.

Warranty

For additional peace of mind, the blender comes with a 2 year warranty.
