

ThinkPad L14 Gen 3 (Intel)

This 14" ultra slim device is a high-performing partner for the work-from-anywhere workforce. Powered by up to 12th Gen Intel Core i7 processors, users can take on intensive computing tasks such as data analysis or graphic designing with ease. The optional FHD camera, user-facing Dolby Audio speakers, Dolby Voice AI noise suppression technology improve user experience during video conferencing. With up to 12.5 hours battery life, this device lasts an entire shift on just one charge!

With a range of connectivity ports, including Thunderbolt 4, professionals can connect to external drives, monitors and peripherals. The Wi-Fi 6E and up to 4G LTE connectivity provide access to ultra-fast internet speeds regardless of location.

Featuring powerful graphics options, such as Intel Iris Xe, this device ensures it keeps pace with everything that AEC professionals do day and night.

EPEAT™ Gold certified and has less effect on the environment comparatively. ENERGY STAR® 8.0 certification makes it an energy-efficient device and helps reduce its carbon footprint.

Lenovo devices that are a class apart

The mid-range ThinkPad L Series offers enterprise docking, enhanced security features and optional remote management capabilities.
