- True Full HD 1080p resolution

Remarkably compact

- Quality stereo speakers

Highlights

Advanced LED Light Source

The powerful LED light source displays rich, vivid colours and will last up to 30,000 hours. You won't need to replace it as it lasts 20 years with an average usage of 4 hours per day! Additionally, the power consumption is far lower than a regular lamp-based projector, which means you benefit from a bigger screen and fully immersive experience, all through an eco-friendly device!

Customise your projection

Place the product wherever you want! The keystone correction combined with the focus technology allow you to fine-tune images to your needs and place your projector at any distance.

Quality stereo speakers

Built-in Hi-Fi stereo speakers with equalizer and surround sound.

True Full HD 1080p resolution

Get a captivating experience in True Full HD 1080 p! Pictures and colours remain lifelike with outstanding full high definition sharpness for text.

Built-in Media Player

Pop your essentials in your hand with the integrated Media Player: Browse, watch all of your videos, listen to your music or share your latest holiday pictures.

Fully Connected

Connect any multimedia devices such as set top boxes, PC, MAC, gaming consoles and streaming devices like Fire Stick or Apple TV with the USB, HDMI or MicroSD ports.
