

ThinkPad T14 Gen 3 (AMD)

Built for professionals on-the-go, the laptop is powered with up to AMD Ryzen 7 Processor and AMD Radeon 660M/680M graphics, resulting in accelerated productivity and enhanced collaboration. WiFi 6E support enables fast and reliable connectivity and helps transfer huge volume of data at blazing-fast speed. Plus, with up to 14.6 hours of battery life users can move anywhere, anytime to get the job done.

Up to 2TB SSD storage and up to 32GB DDR5 memory make the system boot faster, enabling executives to multitask easily while managing projects. Connect high-speed peripherals with numerous ports; transfer data faster with dual USB-C 3.2 ports.

A 14" screen with WQUXGA resolution enables users to view intensive datasets and analytics with absolute clarity. With an optional touch display, swipe, zoom, or scroll on the screen with just a click.

Minimal preloaded applications mean maximum battery life and responsiveness for users, and faster deployment for IT admins.

Lenovo devices that are a class apart

The ultimate productivity notebook, ThinkPad T Series will keep users productive all day with long battery life, docking and enhanced connectivity options, security and manageability features.
