

# HyperX Armada 25 FHD Gaming Monitor

## YOUR SPACE, YOUR WAY

HyperX Armada Gaming Monitors are the first<sup>1</sup> gaming monitors to include the monitor head and ergonomic arm<sup>2</sup> right in the box. Save yourself the hassle of searching for a compatible desk mount, and spend that time dominating the game with the Armada 25's 240Hz refresh rate and 1ms response time<sup>3</sup>. That rapid responsiveness is built for shooters and competitive games where split-seconds that can tip the balance between victory and getting looted. When you have more time to fully take in the scenery, you'll have full HD resolution with vibrant colors. Further enhance your gaming experience with NVIDIA® G-SYNC®<sup>4</sup>, which eliminates screen tearing, stuttering and input lag. Embrace the advantage and space-creating versatility of the HyperX Armada 25 Gaming Monitor and ergonomic arm.

## Key features

---

### All-in-One package: Desk mount included<sup>2</sup>

Don't spend days searching for a compatible mount! Armada takes care of that with its sturdy ergonomic arm and desk mount. Simply snap into the back and elevate your monitor to reclaim desk space!

### 24.5-inch 1920x1080 IPS panel

Enjoy stunning full HD picture quality with vibrant, accurate color. The IPS panel looks good even at wide angles, making it great for multi-monitor setups.

### 240Hz refresh rate and 1ms response time<sup>3</sup>

The speedy 240Hz refresh rate and 1ms response time deliver smoother, more responsive visuals, something that can give you the advantage in competition.

### NVIDIA® G-SYNC® Compatible<sup>4</sup>

Do away with irritating screen tearing and keep stuttering and input latency low thanks NVIDIA® G-SYNC® and its variable refresh rate.
